

### **OSHA Complete Library**

Learn.com's Complete OSHA Library contains 43 robust titles on subject matter such as construction, food service, general safety, industrial, health care and much more. Individual titles are available in core libraries as part of an extensive industrial safety training series.

For over a decade Learn.com has exclusively dedicated its efforts to training the worlds top business professionals, government agencies and educated consumers. Top Government Agencies such as the United States Department of State, Department of Labor, US Senate, Library of Congress and Fortune 500 organizations like Microsoft and AOL recognize our strengths and use our courseware to train their most highly prized employees.

Learn.com's courseware is created using the Adult Learning Theory (ALT). This enables our courseware to appeal to the Visual learner, Audio learner and Kinesthetic Learner. Following this highly interactive course design process ensures maximum knowledge retention and Learner engagement.

## **Safety & Health (OSHA) Library**

196-0644 Asbestos Hazard Awareness  
196-0602 Basic First Aid  
196-0603 Basic Respiratory Protection  
196-0640 Behavior-Based Safety  
196-0604 Blood borne Pathogens  
196-0605 Chemical Safety  
196-0606 Chlorine Safety  
196-0607 Compressed Gas Safety
